## 3D PUFF EMBROIDERY DIGITIZING

Oddinfotech is always at the forefront of the industry. We are here to offer you the best practices for 3-dimensional embroidery. Stitching with two dimensions has its charm and looks, but it becomes even more fascinating by considering its height and details. With the popularity of logo embroidery on sports uniforms and hats, 3D digitizing has gained importance. 3D digitizing has also become popular in accessories.

## APPLIQUE EMB DIGITIZING

Digitize your applique embroidery with creative and unique design punch files. Raise the business value through the applique digitizing with our nitty-gritty professional team.

Our company is a pioneer in offering premium applique digitizing services nationwide. **Oddinfotech** offers digitizing services such as custom embroidery digitizing, 3D puff digitizing, applique digitizing, vector art transformation, cap digitizing, logo digitizing, side sleeve digitizing, and many other services. Regardless of the complexity or intricacy of a work of art, our master digitizers are responsible for maintaining consistency. Our company offers complete customer satisfaction, for all orders. Oddinfotech provides apparel digitizing services, including creating digitized vector files in machine-readable formats.

### OUR WORKS

We will digitize the artwork for embroidery once we have determined the sizing and location. An embroidery machine can digitize designs by converting them to electronic formats. Production can begin after digitizing, assembling, and checking compatibility. Oddinfotech offers the best digitizing services for embroidery. It costs nominal to convert JPGs to PES or DSTs, and the turnaround time is quick. It will save you many hassles and time spent trying to figure out problematic Software. The low costs of this option make it useful for those producing Embroidery Digitized files commercially as well. Having a team of professionals with an in-depth understanding of the technicalities will assure you the best results.

## T-SHIRT EMB DIGITIZING

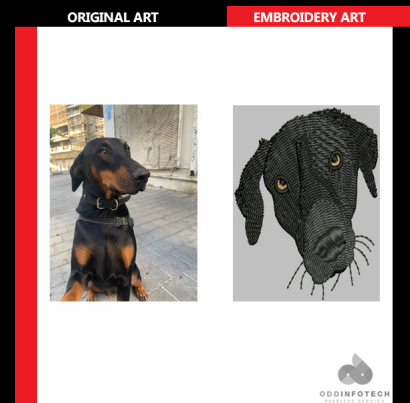

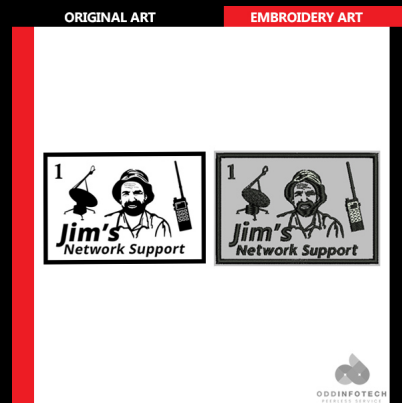

Brainstorming T-shirt design delivers customized t-shirt to steal the vision of the customers. Get the intimidating t-shirt designs to stand out from the crowd.

### OUR WORKS

Our experts can help you convert PNG files to embroidery design files. As a premier digitizing company, we can turn any PNG file into an embroidery file. We offer a PNG conversion service to meet the needs of our clients.

## OUR WORKS

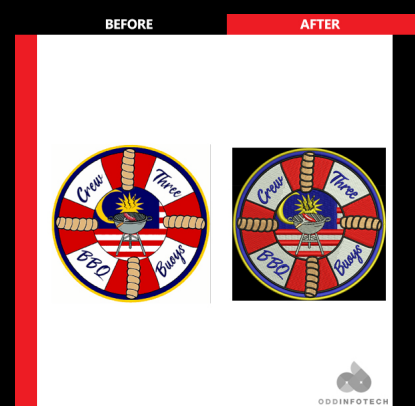

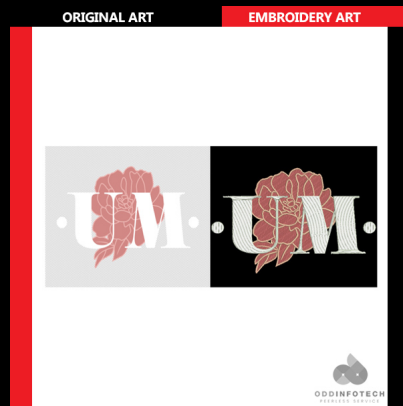

For decades, hats and caps have featured embroidery, and its popularity has not diminished despite today's fashion-forward world. Nevertheless, most of the embroidered hats available in stores feature designs created by famous companies, athletes, or logos, but with the advent of modern technology, people can customize their caps with Cap Digitizing.
